LOCATE & DAMAGE PREVENTION

PROTECTING PEOPLE, PROPERTY & INFRASTRUCTURE THROUGH PRECISION AND EXPERTISE

Protecting What Powers Communities.

Why Sparus Holdings?

At **Sparus**, safety begins beneath the surface. Our locate and damage prevention services protect communities by ensuring underground infrastructure is accurately identified, documented, and safeguarded. We combine advanced technology with experienced field professionals to help utilities, contractors, and municipalities prevent damage before it happens.

A trusted leader in utility field services, specializing in locating and damage prevention programs that help customers operate safely and efficiently. With decades of combined expertise, we support utilities and contractors nationwide with innovative programs that reduce risk, minimize downtime, and protect critical assets. From routine residential locates to complex damage prevention inspections, we deliver consistent, high-quality results that keep communities connected and safe.

Industry Insight

Every day, thousands of excavation and construction projects take place near buried utilities. Even one mistake can cause costly service disruptions or serious injury. That's why Sparus partners with utilities and contractors across the country to locate underground assets with precision and care—protecting lives, property, and the infrastructure that powers our communities.

Technology in Action

Using advanced GPS mapping, ticket management systems, and digital reporting tools, Sparus combines accuracy with efficiency. Our field teams deliver real-time data and detailed documentation that help clients make safer, faster, and more informed decisions. With 24/7 responsiveness and consistent quality control, we bring clarity and confidence to every project site.
